This legal-mail log PROVES I mailed stuff to the U.S.  
atly. in Phernix air times. To date they have REFUSED  
to say whether or not the material was received. I did NOT  
get it returned to me. ASPC Yuma Computer mail and  
property is WELL KNOWN for sabotaging inmates mail  
and property. They always blame the U.S.P.S for stolen mail.  
WHD WOULD YOU BELIEVE?
